

Climate Board - IIPB

- Edinburgh will be impacted by climate change and to minimise this impact on our city and its people a **co-ordinated, sustained action** must be taken.
- The Infrastructure Investment Programme Board brings together critical and motivated organisations to undertake **city infrastructure development and adaptation** at an unprecedented scale.
- It oversees a network of project workstreams with the aim to **achieve a NetZero city by 2030**.

IIPB Core partners

- Public sector organisations in the city with significant control over public buildings and homes - the **NHS, the City of Edinburgh Council, Edinburgh's universities and colleges**
- Private sector utility companies investing significantly in the infrastructure of the city - **Scottish Power Energy Networks, Scottish Gas Network, Scottish Water**
- Representing business, employment and economic interests - **Edinburgh Chamber for Commerce**
- **EVOC** – representing communities

Edinburgh Community Climate Fund

- A total of £140,000 has been awarded to community and voluntary groups to support delivery of projects related to tackling climate change.
- The Edinburgh Community Climate Fund (ECCF) votes were cast and counted with a total of 2510 voters and 10,025 votes in total.
- 56 bids in total.
- 8 successful bids securing between 10 – 20k.
- Exploring ways to support further in the future.
- Progress will be checked with successful applications as the projects develop to see how the process can be improved.
- Support has been given to unsuccessful applicants to try to move forward with their projects.

Next Steps

- Complete recruitment
- Establish formal governance and updates for strategy
- Produce and consult on new Climate Ready Edinburgh Plan (Climate Adaptation/City Resilience)
- Review existing boards and ensure delivery focused outputs
- Unlock funding
- Further support local communities to ensure Climate Justice and a Just Transition
